

Interviewing of Forest Hills Athletes & Coaches

Using social media and/or traditional phone options, please contact 10 Forest Hills Student Athletes and two coaches and ask them the following questions:

1. What do you miss most about not attending school right now?
2. What do you miss right now in regards to athletics?

Please take a few brief notes of responses. We will use these as a springboard to our discussion for our next Unit upon return to school.
