### So what’s new with my benefits?

**MEA Choice Plus**

- The annual copay maximum will increase from $6,700 per individual to $6,950 per individual.
- The LiveHealth Online copayment is reduced from a $15 PCP copay to an $8 copay.
- Benefits have been added for the following services:
  - Temporomandibular Joint (TMJ) services.
  - Travel and lodging expenses up to $10,000 due to a transplant.
  - Adult hearing aids up to $3,000 per hearing aid per hearing impaired ear every 36 months.

**MEA Standard Plan**

- The annual copay maximum will increase from $6,700 per individual to $6,950 per individual.
- The LiveHealth Online copayment is reduced from a $15 PCP copay to an $8 copay.
- Benefits have been added for the following services:
  - Temporomandibular Joint (TMJ) services.
  - Travel and lodging expenses up to $10,000 due to a transplant.
  - Adult hearing aids up to $3,000 per hearing aid per hearing impaired ear every 36 months.

**MEA Standard 500 Plan**

- The annual copay maximum will increase from $5,400 per individual to $5,650 per individual.
- The LiveHealth Online copayment is reduced from a $20 PCP copay to a $10 copay.
- Benefits have been added for the following services:
  - Temporomandibular Joint (TMJ) services.
  - Travel and lodging expenses up to $10,000 due to a transplant.
  - Adult hearing aids up to $3,000 per hearing aid per hearing impaired ear every 36 months.
  - Acupuncture services up to 12 visits per calendar year for pain management.

**MEA Standard 1000 Plan**

- The annual copay maximum will increase from $4,900 per individual to $5,150 per individual.
- The LiveHealth Online copayment is reduced from a $20 PCP copay to a $10 copay.
- Benefits have been added for the following services:
  - Temporomandibular Joint (TMJ) services.
  - Travel and lodging expenses up to $10,000 due to a transplant.
  - Adult hearing aids up to $3,000 per hearing aid per hearing impaired ear every 36 months.
  - Acupuncture services up to 12 visits per calendar year for pain management.
Save the most when you see a doctor in the plan

Choose a primary care doctor (also called a primary care physician, or PCP). You’ll get a referral from them when you go to specialists. The plan does cover you when you see a doctor outside the plan. However, your out-of-pocket costs will be higher.

This plan covers:
- Preventive care at 100%
- Screenings and immunizations
- Well-child care
- Inpatient and outpatient care
- Emergency care
- Prescription drugs

Plus:
- You don’t need to fill out claim forms when you use providers in the plan.
- You can use Anthem and MEA Benefits Trust health and wellness programs to help you be your healthiest.

Ten tips for making the most of your coverage:

1. Know what your benefits cover before you go to the doctor.
2. Be ready to pay any copay at the time of service.
3. Show your member ID card to the office staff.
4. Use doctors and hospitals in the plan to lower your out-of-pocket costs.
5. Use emergency services for emergencies only.
6. Use Livewell Online or a walk-in center instead of the emergency room when it's not an emergency.
7. Notify your employer of any change of address or coverage status.
8. Enroll a new spouse or baby within 60 days. Contact your benefit office or go to anthem.com for forms.
9. Take advantage of Anthem’s health and wellness programs to help you get and stay healthy.
10. Call us at the toll-free number on your Anthem ID card if you have any questions about your coverage.

Care & Cost Finder

Find doctors and compare quality and cost to others in your area

What if you could find doctors and at the same time check how they compare in quality and cost with other doctors? Well, you can! Just log in to anthem.com and select Find a Doctor. You can search for doctors, hospitals and other health care professionals in your plan. You’ll see all sorts of details on them, like the type of care they provide, how to get to their offices, what languages they speak, their gender, any awards they’ve gotten for high-quality care and more.

Plus, you’ll be able to see what you can expect to pay when you go to them — even compare doctors side by side for cost and quality together. It’s just one of the ways your health plan helps you balance getting quality care and keeping your health care costs under control.

Get rewarded for building a better you!

Maybe your doctor told you to get serious about lowering your cholesterol. Or maybe you’re ready to really go for your personal health goals.

No matter what wellness journey you want to start, Virgin Pulse is your wellness package. It’s a unique online platform with tools and support to help you improve areas of your life.

Small steps can lead to big changes. We all have those areas of our health we want to improve, like our physical health and activity level, or our mental health and day-to-day stress. Taking it a step at a time helps set you up for success—with little help.

Virgin Pulse will be your partner. With over 100 different points-learning activities, you can define what wellness means to you and earn your incentive with your choice of healthy behaviors! Then, when you stick to our program, you’ll build healthy habits, have fun with coworkers, and experience the lifelong rewards of health and well-being. Plus—you can earn up to $250 in extra incentives for taking part in the program!

You can make it a game for more fun. Invite friends, family and coworkers into a challenge so everyone is accountable and working together! Track progress and see your success as you earn points toward levels and incentives.

For questions, call Virgin Pulse 8 a.m. to 9 p.m. Monday through Friday at 1-855-689-6884. You can also get 24/7 online support at Meabt.support@virginpulse.com.

SmartShopper™

Smart care plus cash rewards

Your health plan offers a great way to find and choose high-quality care that’s more convenient and affordable. SmartShopper gives you cash rewards for choosing a high-quality, cost-effective facility for services like:

- MRIs
- CT Scan
- Colonoscopy
- Mammograms
- Physical therapy

Earn a reward anytime you and your family choose an eligible lower-cost, high value doctor or facility for certain health services. To learn more call the personal assistant team at 1-844-328-1582 or visit smartshopper.com.

Blue View Vision benefits

All members enrolled in the MEABT medical plans are automatically enrolled in Blue View Vision coverage.

With Blue View Vision™, you now have enhanced vision benefits with yearly eye exams, plus coverage on eyeglasses, contact lenses and more. And you choose how to get your glasses or contacts—you have access to one of the nation’s largest vision networks with over 36,000 eye doctors at more than 27,000 locations.

This is an overview of your benefits. For more detailed information, please contact your benefits administrator or ask us for a copy of the Certificate of Coverage (Certificate) for your health plan. If there are discrepancies between this benefit overview and the Certificate of Coverage, go by what the Certificate says.
Laura is in her late 40s and had a pretty serious heart attack recently, which lead to the following health care services during the calendar year:

- Emergency room visit
- Two weeks in the hospital
- Post-heart attack rehabilitation
- Three specialist visits

**Here’s a tip to save money**

Remember to use doctors and facilities in your plan. You’ll spend less out of pocket.

The following chart lists Laura’s out-of-pocket costs for these services under the four MEABT plans:

<table>

What to ask your doctor

Have you ever found yourself drawing a blank when it comes time to ask your doctor important questions about your health? You’re not alone. Taking time before your appointment to jot down some notes can help you get the most from your visit with your doctor.

Before your visit

Make a list of the medicines, vitamins, nutritional supplements and other treatments you use. Even try to include herbal remedies and teas, over-the-counter drugs, and nutritional drinks and shakes.

Your doctor may ask you how much coffee or alcohol you have daily. But be ready to give them that information even if they don’t cover it.

Questions to ask

- What should I do to prevent or delay health problems?
- Are there changes I should make to improve my health?
- Are there tests or screenings I should have, based on my age or other risk factors?
- Am I due for any vaccines?
- Do I need to come back for another visit?
- Can I call for test results?

The Member Assistance Program is here when you need help

We all need help sometimes with life’s challenges. The Member Assistance Program (MAP) is ready to help you 24 hours a day, 365 days a year — with a wide array of free and confidential services available to you and your household members.

No matter what’s weighing on you, the MAP is ready to help:

- Counseling sessions — Get three face-to-face sessions, per issue, with a licensed therapist. No deductibles or copays apply. If you need more help, your MAP can connect you to more resources.
- Legal and financial consultations — Get an initial 30-minute consultation with a qualified attorney (per issue per 12-month period) or financial advisor (unlimited).
- Dependent care referrals — Find child care and elder care providers.
- Convenience services — Find resources and information on pet sitters, educational choices for you and your children, summer camp programs, and much more.
- Online help and resources — The anthemmap.com website has helpful resources, including information, tools, self-assessments, and tips for handling situations at work and at home.
- Tobacco-free resources — On anthemmap.com, you’ll find lots of convenient, web-based tools and information to help you quit smoking and stay tobacco free.
- ID theft recovery and monitoring — Sign up for free credit monitoring on anthemmap.com. Find your risk level and learn how to prevent or resolve identity theft. Get help filing paperwork, reporting identity theft to consumer credit agencies and repairing your debt history.
- Member center — Access a list of MAP providers in your area and a routine counseling referral service.
- Health and wellness webinars and skill builders — Visit anthemmap.com to view a recorded webinar on a variety of topics or engage in a training session to learn or brush up on skills like being more assertive, better time management or care for an aging relative.
- myStrength “The health club for your mind™” — This online and mobile app resource offers evidence-based tools to help with issues like stress, sleep problems, chronic pain, depression, anxiety and substance use.
- Let’s Talk Depression Center — Visit anthemmap.com for tips, tools and resources to support your emotional health.

Start using your MAP benefits today

Call 1-855-686-5615 and let the representative know you’re an MEA Benefits Trust member, or go to anthemmap.com and log in using MEABT.
Preventive versus diagnostic care
What’s the difference? Preventive care helps protect you from getting sick. Diagnostic care is used to find the cause of an existing illness. For example, say your doctor suggests you have a colonoscopy because of your age when you have no symptoms. That’s preventive care. On the other hand, say you have symptoms and your doctor suggests a colonoscopy to see what’s causing them. That’s diagnostic care.

Child preventive care:
- Physical exams
- Screening tests:
  - Behavioral counseling to promote a healthy diet
  - Blood pressure
  - Cervical dysplasia screening
  - Cholesterol and fat (lipid) level
  - Depression screening
  - Development and behavior screening
  - Hearing screening
  - Height, weight and body mass index (BMI)
  - Hemoglobin or hematocrit (blood count)
  - Human papillomavirus (HPV) for females
  - Lead testing
  - Newborn screening
  - Oral (dental health) assessment when done as part of a preventive care visit
  - Screening and counseling for sexually transmitted infections
  - Tobacco use: related screening and behavioral counseling
  - Type 2 diabetes screening
  - Vision screening when done as part of a preventive care visit
- Immunizations:
  - Diphtheria, tetanus and pertussis (whooping cough)
  - Haemophilus influenza type b (Hib)
  - Hepatitis A and hepatitis B
  - HPV
  - Influenza (flu)
  - Measles, mumps and rubella (MMR)
  - Meningococcal (meningitis)
  - Pneumococcal (pneumonia)
  - Polio
  - Rotavirus
  - Varicella (chickenpox)

Adult preventive care:
- Physical exams
- Screening tests:
  - Alcohol misuse: related screening and behavioral counseling
  - Aortic aneurysm screening (men who have smoked)
  - Behavioral counseling to promote a healthy diet
  - Blood pressure
  - Bone density test to screen for osteoporosis
  - Cholesterol and lipid (fat) level
  - Colorectal cancer, including fecal occult blood test, barium enema, flexible sigmoidoscopy, screening colonoscopy and related prep kit and CT colonography (as appropriate)
  - Depression screening
  - Eye chart test for vision
  - Hepatitis C virus (HCV) for people at high risk for infection and a one-time screening for adults born between 1945 and 1965
  - Hearing screening
  - Height, weight and body mass index (BMI)
  - HIV screening and counseling

Women’s preventive care:
- Well-woman visits
- Breast cancer, including exam, mammogram, and genetic testing for BRCA 1 and BRCA 2 when certain criteria are met
- Breastfeeding: primary care intervention to promote breastfeeding support, supplies and counseling
- Contraceptive (birth control) counseling
- Counseling related to chemoprevention for those with a high risk of breast cancer
- Counseling related to genetic testing for those with a family history of ovarian or breast cancer
- Lung cancer screening for those ages 55 through 80 who have a history of smoking or quit within the past 15 years
- Obesity: related screening and counseling
- Prostate cancer, including digital rectal exam and prostate-specific antigen (PSA) test
- Sexually transmitted infections: related screening and counseling
- Tobacco use: related screening and behavioral counseling
- Tuberculosis screening
- Type 2 diabetes screening
- Violence, interpersonal and domestic: related screening and counseling
- Immunizations:
  - Diphtheria, tetanus and pertussis (whooping cough)
  - Hepatitis A and hepatitis B
  - Human papillomavirus (HPV)
  - Influenza (flu)
  - Measles, mumps and rubella (MMR)
  - Meningococcal (meningitis)
  - Pneumococcal (pneumonia)
  - Varicella (chickenpox)
  - Zoster (shingles)

Take care of yourself
Use your preventive care benefits

Regular checkups and exams can help you stay well and catch problems early. They may even save your life.

Our health plans offer the services listed here at no cost to you. When you get these services from doctors in your plan, you don’t have to pay anything out of your own pocket. You may have to pay part of the costs if you use a doctor outside the plan.

- Screening and counseling for sexually transmitted infections
- Tobacco use: related screening and behavioral counseling
- Type 2 diabetes screening
- Vision screening when done as part of a preventive care visit
- Immunizations:
  - Diphtheria, tetanus and pertussis (whooping cough)
  - Haemophilus influenza type b (Hib)
  - Hepatitis A and hepatitis B
  - HPV
  - Influenza (flu)
  - Measles, mumps and rubella (MMR)
  - Meningococcal (meningitis)
  - Pneumococcal (pneumonia)
  - Polio
  - Rotavirus
  - Varicella (chickenpox)

- Adult preventive care:
  - Physical exams
  - Screening tests:
    - Alcohol misuse: related screening and behavioral counseling
    - Aortic aneurysm screening (men who have smoked)
    - Behavioral counseling to promote a healthy diet
    - Blood pressure
    - Bone density test to screen for osteoporosis
    - Cholesterol and lipid (fat) level
    - Colorectal cancer, including fecal occult blood test, barium enema, flexible sigmoidoscopy, screening colonoscopy and related prep kit and CT colonography (as appropriate)
    - Depression screening
    - Eye chart test for vision
    - Hepatitis C virus (HCV) for people at high risk for infection and a one-time screening for adults born between 1945 and 1965
    - Hearing screening
    - Height, weight and body mass index (BMI)
    - HIV screening and counseling

A word about pharmacy items

For 100% coverage of over-the-counter drugs and other pharmacy items listed below, you must:
- Meet certain age requirements and other rules.
- Get prescriptions from plan providers and fill them at plan pharmacies.
- Have prescriptions, even for over-the-counter items.

Preventive drugs and other pharmacy items — age appropriate:
- Children
  - Dental fluoride varnish to prevent tooth decay of primary teeth for children ages 0 to 5 years
  - Fluoride supplements for children ages 6 months to 16 years
- Adults
  - Aspirin use (81mg and 325mg) for the prevention of cardiovascular disease, preeclampsia and colorectal cancer by adults younger than 70
  - Colonoscopy prep kit (generic or over the counter only) when prescribed for preventive colon screening (limited to two bowel-prep screening per year)
  - Stop smoking products, including select generic prescription drugs, select brand-name drugs with no generic alternative and FDA-approved over-the-counter products, for those ages 18 and older
  - Generic low-to-moderate statins for members who are ages 40 to 75 with one or more cardiovascular disease risk factors

- Women
  - Contraceptives, including generic prescription drugs, brand-name drugs with no generic alternative, and over-the-counter items like female condoms or spermicides
  - Low-dose aspirin (81 mg) for pregnant women who are at an increased risk of preeclampsia
  - Folic acid for women ages 55 or younger who are planning and able to get pregnant
  - Breast cancer risk-reducing medications, such as tamoxifen and raloxifene, following the U.S. Preventive Services Task Force criteria

Your prescription drug coverage helps you manage the high cost of medicines

Save more with generics

Your drug plan has five copay levels called “tiers.”
- Tier 1a drugs have the lowest cost share. These are often generic drugs that offer the greatest value compared to others that treat the same conditions. Example: generic blood pressure drug lisinopril. The copay is $10.
- Tier 1b drugs are low-cost medicines that offer great value compared to others that treat the same conditions. Example: generic blood pressure captopril. The copay is $15.
- Tier 2 includes preferred drugs with a $35 copay. Example: brand-name drug Januvia.
- Tier 3 includes nonpreferred medications with a $60 copay. Example: brand-name drug Zetia.
- Tier 4 includes specialty drugs with an $85 copay.

Your doctor will decide which drug is best for you. Most doctors will also help you find a drug that treats your condition at the lowest cost. To learn about how Anthem’s Pharmacy and Therapeutics Committee assigns drugs to tiers, or to find out which tier your prescription falls under, go to anthem.com/meabt.

Choose from thousands of network pharmacies

You’ll have access to more than 68,000 chain and independent pharmacies across the country. Visit anthem.com for details.

Save a trip with our home delivery pharmacy

This convenient service fills prescriptions promptly. Registered pharmacists check for safety and accuracy, and prescriptions are mailed to you in confidential, secure packaging. Depending on your health plan and the type of medicine, you may be able to order up to a 90-day supply with a lower copay. You'll even get phone call reminders when you're due for a refill. To get started with the home delivery pharmacy, just call the Customer Service number on the back of your member ID card.

Specialty drugs and pharmacies

Specialty pharmacies provide medicine for long-term health problems, like multiple sclerosis, cancer and rheumatoid arthritis. Some specialty drugs need to be injected, infused or inhaled. They often need to be handled or stored differently, such as being refrigerated.

Members must get specialty drug prescriptions filled at IngenioRx Specialty Pharmacy or another pharmacy in the specialty pharmacy network. Only a 30-day supply for specialty drugs will be covered. You can get home delivery and pharmacy experts 24/7 for questions. IngenioRx offers:
- One-on-one service from a pharmacy care advocate.
- A special nursing program for people with certain health issues.
- Home delivery to the address you choose.
- Refill-reminder phone calls.
- Special packaging that keeps medicines cool, when needed.

For more information about IngenioRx, call the Customer Service number on the back of your member ID card.
Your plan is loaded with programs, tools and services to help you get and stay healthy.

Anthem meets you where you are today to help you get and stay healthy. You can even choose the level of involvement you want, from calling a nurse with a question to getting ongoing help with a chronic health issue.

**anthem.com health resources**

- **Online preventive guidelines** give you a better understanding of the importance of checkups, immunizations, screenings and tests.
- **Cost & Care Finder** shows you how much it may cost you for certain services — like labs and X-rays — and helps you decide where to go.
- **Flu shots** from local providers or annual flu shot clinics at your school’s health services.
- **SpecialOffers** gives you discounts on more than 50 products and services that help promote better health. Discounts are found on anthem.com and support vision, hearing, fitness, health, family, home and medicine. To access SpecialOffers discounts, simply:
  1. Log in to anthem.com.
  2. Choose the Discounts tab on the home page’s green tool bar.
  3. Select the desired category.
  4. You can also go to anthem.com/specialoffers and select Maine.
- **Transplant program** includes benefits for Travel and Lodging expenses related to your transplant, up to $10,000.

**Health guidance**

- **24/7 NurseLine** makes it easy for you to talk to a registered nurse who can answer questions about a medical concern or help you decide where to get care. Call 1-800-607-3262 anytime. To talk to a Spanish-speaking nurse, call 1-800-545-9648. You can also listen to short recordings on hundreds of health topics in both English and Spanish in the AudioHealth Library.
- **Behavioral health care managers** help with behavioral health questions, from benefits to treatment options.
- **Future Moms** helps moms-to-be have a healthy pregnancy. You can earn financial incentives for participating. To sign up for Future Moms, call the number on your Anthem ID card.
- **ConditionCare** gives you access to health professionals including dietitians and nurses who can help improve your health. They offer guidance and support to manage long-term conditions including diabetes, asthma, chronic obstructive pulmonary disease (COPD), coronary artery disease, heart failure and end-stage renal disease. Someone may call you based on your claims record — or you can call the number on your Anthem ID card to see if you’re eligible to participate. You can earn financial incentives for enrolling.

**Get rewarded for taking care of yourself**

Each financial incentives for participating in one or more of these programs:

- **ConditionCare incentive program** — If you participate in ConditionCare, your share of routine condition-related health costs may be waived. Your pharmacy copays for some medicines you take all the time may also be lower.
- **Healthy Rewards** — If you or your enrolled spouse or domestic partner are eligible for ConditionCare or Future Moms and 18 years old or older, you can enroll in Healthy Rewards and earn a $100 reloadable debit card for completing each step below. The more steps you take, the more money will be added to your reloadable debit card.
  1. Take a Health Assessment with one of our ConditionCare nurses.
  2. Reach one of your health goals and show knowledge of managing condition/treatment plan with your ConditionCare nurse.
  3. Enroll in Future Moms and take a Health Assessment.
  4. Stay enrolled in Future Moms through 28 weeks of pregnancy and take another Health Assessment.
  5. Complete postpartum assessment after delivery.
- **Claim your reward** — Register or log in at anthem.com. Choose Health and Wellness and then select Rewards. If you need help with the website, call the number on your Anthem ID card.
Depending on your plan and the services you get, you may only have a copay for the visit. The cost of some services — like labs and X-rays — may apply to your deductible or your percentage of the costs. You can use our online Estimate Your Cost and Find a Doctor tools to help you decide where to go.

Your doctor — It’s a good idea to check first if your doctor’s office has extended hours to treat common illnesses such as ear infections, sore throats, and cold and flu symptoms.

Walk-in centers — These centers can treat problems like minor cuts and burns, sprains and strains, sore throats, earaches, and the flu. They usually have extended hours and you don’t need an appointment. You can also go to meabt.org and look under resources for help finding one.

LiveHealth Online — Have a video visit with a board-certified doctor from your smartphone, tablet or computer with a webcam. This is a great option when you just can’t get in to a doctor or clinic. Doctors can treat rashes, infections, colds, the flu and more. They can even send a prescription to your pharmacy, if needed. Just sign up at livehealthonline.com or download the app on your phone or tablet to get started.

LiveHealth Online Psychiatry and Psychology — Did you know you can also see a psychiatrist, psychologist or therapist with LiveHealth Online? Appointments are available seven days a week, including evenings. In most cases, you can get an appointment with a psychologist or therapist within four days or less, or a psychiatrist within 14 days. Psychologists and therapists can provide talk therapy, while a psychiatrist can also prescribe medicines, if you need them. Once you log in to livehealthonline.com or the app, choose Psychology or Psychiatry to choose the person you want to see. Or call LiveHealth Online at 1-844-784-8409 from 7 a.m. to 11 p.m. You’ll get an email confirming your appointment.

You must be at least 10 years old to see a therapist online. Don’t forget to call the MAP at 1-855-686-5615 for a coupon code to use for your first three visits!

Where to get care when it’s not an emergency

If it’s serious, sudden or severe, go to the emergency room

Just remember that you may have an emergency room copay. Or the cost may apply to your deductible or percentage of the costs.
Your health is your business

How Anthem protects your privacy

Our commitment
Anthem and its affiliates and subcontractors have specific policies that address the way their members’ health care and other personal information is collected, used and disclosed. Anthem gets information from members and their health care providers that they need to determine health benefits. They may also collect personal information from sources such as other insurers. This information is received by mail, in person, by telephone and electronically. It is protected by their secure buildings, electronic systems, and by their associates’ written commitment to the terms and conditions of their confidentiality policy.

Health care and personal records are accessed only by associates whose specific jobs require them to do so. This information is not disclosed to or exchanged with third parties without authorization, unless its disclosure or exchange is necessary to determine benefits, comply with legal or regulatory requirements, or to permit Anthem or its associates whose specific jobs require them to do so.

Health care and personal records are accessed only by associates whose specific jobs require them to do so. This information is not disclosed to or exchanged with third parties without authorization, unless its disclosure or exchange is necessary to determine benefits, comply with legal or regulatory requirements, or to permit Anthem or its associates whose specific jobs require them to do so.

Privacy agreement with contracted providers
Anthem has written agreements with all of their contracted providers requiring them to maintain the privacy of their members and to have appropriate policies and procedures to safeguard and hold confidential their members’ health care or personal information.

For more information
This is a short description of Anthem’s confidentiality policy. For a more complete notice of their policy, please call the number on your Anthem ID card or contact Customer Service at 1-800-482-0966.

Maine Notice of Additional Privacy Rights
The Maine Insurance Information and Privacy Protection Act provides consumers in Maine with the following additional rights:

You have the right to:
- Obtain access to the consumer’s recorded personal information in the possession or control of a regulated insurance entity.
- Request correction if the consumer believes the information to be inaccurate.
- Add a rebuttal statement to the file if there is a dispute.
- The right to know the reasons for an adverse underwriting decision (previous adverse underwriting decisions may not be used as the basis for subsequent underwriting decisions unless the carrier makes an independent evaluation of the underlying facts).

You have the responsibility to:
- Provide, to the extent possible, information that we and/or your health care professionals and providers need.
- Follow the plans and instructions for care that you have agreed to with your health care professional and provider.
- Tell your health care professional and provider if you do not understand your treatment plan or what is expected of you.
- Ask about treatment options; become informed.
- Refuse treatment and be informed by your health care professional and provider about the consequences of your refusal.
- Know how and when to access cost-effective and timely care in routine, urgent and emergency situations.
- Follow all health benefit plan guidelines, provisions, policies and procedures.
- Let our Customer Service department know if you have any changes to your name, address or which family members are covered under your policy.
- Provide us with the accurate and complete information needed to administer your health benefit plan, including other health benefit coverage and insurance benefits you may have in addition to your coverage with us.

Benefits and coverage for services provided under your health plan are governed by the Subscriber Agreement and not by this member rights and responsibilities statement.

For more information and resources, see Frequently Asked Questions at anthem.com.
You could get another chance to enroll or make changes

If you choose not to enroll in an Anthem health plan at this time, there are special times, called special enrollment, when you and your eligible dependents can do so:

1. **Loss of other coverage** — If you or your dependents lose eligibility for other coverage or if the employer stops contributing toward your or your dependents’ other health coverage, you can enroll in an Anthem plan. You must enroll within 60 days after the other coverage ends or after the employer stops contributing toward the other coverage.

   Example:
   You and your family are enrolled through your spouse’s coverage at work. Your spouse’s employer stops paying for coverage. In this case, you and your spouse, as well as other dependents on your spouse’s policy, may be eligible to enroll in one of our health plans.

2. **You have a new dependent** — If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll in one of our health plans. You must enroll within 60 days after the marriage, birth, adoption or placement for adoption.

   Example:
   If you get married, you and your spouse and any other new dependents may be eligible to enroll in the plan within 60 days of getting married.

To see if you’re eligible for a special enrollment midyear, contact your school department’s central office.
1 As of January 1, 2017, the Equal Employment Opportunity Commission requires spouses/partners to submit a written authorization before completing a health assessment or answering any health-related questions.

2 The range of preventive care services covered at no cost share when provided by a doctor in the plan is designed to meet the requirements of federal and state law. The Department of Health and Human Services has defined the preventive services to be covered under federal law with no cost share as those services described in the U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) and certain guidelines for infants, children, adolescents and women supported by the Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverages under your insurance policy. To learn more about what your plan covers, see your Certificate of Coverage or call the Member Services number on your ID card.

3 Some plans cover additional vision services. Please see your contract or Certificate of Coverage for details.

4 You may be required to get preapproval for these services.

5 Counseling services for breastfeeding (lactation) can be provided or supported by a plan doctor or hospital provider, such as a pediatrician, obstetrician/gynecologist or family medicine doctor, and hospitals with no member cost share (deductible, copay, coinsurance). Contact the provider to see if such services are available.

6 Breast pumps and supplies must be purchased from an in-network medical provider for 100% coverage. We recommend using a durable medical equipment supplier in the plan.

7 This benefit also applies to those younger than 19.

8 A cost share may apply for other prescription contraceptives, based on your drug benefits.

9 Your cost share may be waived if your doctor decides that using the multi-source brand is medically necessary.

10 Prescription availability is defined by physician judgment.

11 Appointments are subject to the availability of a therapist.

12 A cost share may apply for other prescription contraceptives, based on your drug benefits.
